

CX4 Video Cameras

Built for Flexibility. Designed for Integration.

The First Alert® CX4 Video Cameras combine smart technology with powerful performance to keep your home secure. Capture sharp, high-definition footage and get real-time alerts with intelligent detection that differentiates between people, animals, vehicles, and packages — so you get notified when it counts. With three camera types to choose from, there's a CX4 camera that fits your space, style, and security needs.

- Capture every detail with clarity from license plate numbers to faces with ultra HD 8MP cameras
- Intelligent event detection – reduces unnecessary notifications and interruptions
- Continuous on-camera live and recorded video with event-based cloud storage allowing you to securely store video footage
- Resideo Total Connect® 2.0 app – view your property anytime from anywhere
- Security and video in one app – integrate with other security solutions to access through the same app

CX4B AI Bullet Camera

CX4T AI Turret Camera

CX4D AI Dome Camera

CX4 Video Cameras

Features and Benefits

High Resolution 8MP camera with Wide Dynamic Range

Provides crystal clear, vibrant and detailed footage for live and recorded video

Intelligent Event Detection

Detects people, packages, vehicles and animals reducing unnecessary notifications and interruptions

Edge-Based Recording

Record 24/7 with storage of up to 1TB on-camera via a MicroSDXC card* so you never miss anything important

Cloud-Based Event Storage

Video and audio event clips stored in the cloud ensuring secure storage even if the cameras are tampered with

IR Night Vision

Wide angle views and IR night vision for complete awareness day or night

Supports Unified Security Solutions

Unify video and security in the Total Connect 2.0® app with ProSeries AIO or VISTA® H3 panels, supported by flexible video storage plans

*MicroSDXC card not included

Video Event Filtering and Timeline Scrubber

Event-based filtering directs you to the specific video clip and the timeline scrubber lets you jump to a key moment in the video clip

Versatile options with modern designs

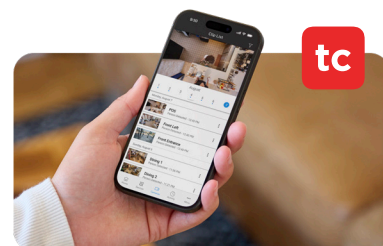

Three different camera options to choose from that best fit your space, style, and security needs

Extreme Temperature Resilience

Operates in temperatures ranging from [-22°F to 140°F] or [-30°C to 60°C] ensuring reliable performance in any climate

Stay connected and in control — anytime, anywhere.

Total Connect® 2.0 brings video and security together in one unified experience. Remotely manage your property, view event based video clips, scrub timelines, filter events by category and get on-demand video clips. Stream up to 12 CX4 cameras on the web or view individual streams on mobile. Everything you need for smart home security, right at your fingertips.

Total Connect 2.0 App for Homeowners
